Phone No: 8297226977

OBJECTIVE:

I am seeking a dynamic and challenging position that will utilize my technical skills and knowledge. I am enthusiastic about contributing to innovative projects, applying my problem-solving abilities, and continuously learning in a collaborative and growth-oriented environment. I aim to leverage my academic background and practical experience to make meaningful contributions to a forward-thinking organization.

PROJECT:

Database Management

Role: Developer

- Developed database management application that allows a person to store employee details of an organization.
- Utilized python, tkinter, CTK and PYSQL for developing database management and maintaining connection with sql database.
- Implemented encryption to protect data and also implemented validation checks to ensure data accuracy and to prevent duplicate entries.
- Developed the entire project by one-self including testing.

INTERNSHIP EXPERIENCE:

Intern as Python Developer (April 2023 - July 2023)

In Calc Technologies, Bangalore, Karnataka.

- Assisted in the development of Database Management application using Python with Mysql.
- Conducted testing and debugging to identify and resolve issues, resulting in improved application functionality.
- Collaborated with a team of co-intern developers to implement module of code and testing.
- Contributed to the documentation and codebase maintenance for future reference.

EDUCATION:

- Bachelor Of Computer Applications (BCA) at National Degree College affiliated to Rayalaseema University with 7.5-GPA [2020-2023].
- Plus one and plus two (MPC) at National Junior College with 6.95-GPA [2017-2020].
- Secondary School (SSC) at Karunamaya High School with 8.2GPA [2016-2017].

TECHNICAL SKILLS:

Programming languages: C, Python, Java, DBMS, OOP concepts, HTML, CSS.

Operating System: Windows, Linux.
